We provide pet food at no cost to pet owners who are struggling financially and cannot afford to keep their pets.

2020

Annual Report

Growth in 2020

Fort Wayne Pet Food Pantry faced extraordinary financial and operational uncertainty in the spring of 2020. A few of our volunteer-based satellite locations had to shut down due to the COVID-19 pandemic. Through quick pivoting by our volunteers and leadership, we were able to navigate the whole year with success, while doubling our pet clients and adding over 90 extra distribution events.

Thanks to the generosity of our donors, local businesses, and fellow pet lovers from across Northeast Indiana, our organization was able to secure and distribute our largest amount of dry pet food to date, serving a growing client base, without having to turn any pet family away.

FWPFP added Pet Food Pop-Ups to our services, extended hours and days of service, and grew our volunteer base, to accommodate our new car-side service model. We also added volunteer opportunities to accommodate smaller groups and volunteers with high-risk COVID-19 complications because of health and age concerns.

Additional Distributions Make an Impact!

Less than 2% of pets surrendered to FW Animal Care and Control in 2020 were a result of food scarcity.
