*Does not include medications

Feral Fix 2026 is made possible through the generosity of private donors and Humane Fort Wayne.

Program Details

WHAT IS IT?

FREE community cat surgery packages while funding lasts!

Does not include add-ons or medications deemed necessary during surgery.

This package is intended for free-roaming, unowned cats only. Package includes: spay or neuter surgery, Rabies vaccine, microchip & mandatory ear tip. Limit of 2 cats per household per day.

WHY?

Humane Fort Wayne aims to improve the lives of the roughly 16,000 free roaming cats in our area through access to affordable spay/neuter services. This is the only way to reduce overpopulation and improve the health of community cats.

WHO?

Feral Fix is available to all Allen County residents. Address will be verified at check-in to confirm residence.

WHEN?

Walk-ins are accepted Mon-Thurs from 7:30AM-1:00PM. Limited to 15 walk-ins per day. Space is not guaranteed. Holidays, weather, and HFW events may impact our schedule.

HOW?

Each cat must arrive in a separate 14" humane live trap, or a \$10 transfer fee applies.* Cats should be kept indoors the night before if possible, and no feeding past midnight.

We offer feline Distemper vaccines for \$2 at the time of surgery. Additional services, vaccines, FeLV/FIV testing, and parasite treatments are also available at regular price. There is no additional charge for pregnant cats to be spayed.

WHERE?

Community Cat Walk-ins are accepted only at our Spay/Neuter clinic at 1333 Maycrest Drive.
